6. Payment of funds may also be suspended in the circumstances specified in section 8 or in the case of administrative proceedings being held against the Scholarship Holder regarding his/her removal from the list of students.
7. After the reason for suspending the scholarship ceases to exist, the Scholarship Holder shall inform the Agency about this fact through the University.

If the right to obtain the scholarship is withdrawn due to the Scholarship Holder repeating a year or a semester, it shall be the responsibility of the University to define the financial conditions for his/her admission to the continuation of the preparatory course or studies. The Scholarship Holder may continue education on the terms providing for the lack of tuition fees and without the scholarship, if the University agrees to it.

## **2. General rules of financial settlement**

The Scholarship Holder shall be responsible for the timely settlement of his/her educational course by submitting reports and other documents indicated in the Announcement to the Agency.

Reports shall be submitted electronically via the System using electronic forms prepared and made available by the Agency, unless the Agency indicates another form of submitting the report.

Reports shall be submitted on the terms and conditions specified in the Announcement.

A correctly prepared report shall be subject to verification and approval in terms of its compliance with the Announcement and the agreement. The Agency may decide to subject the report to Experts' assessment.
